62 AM / WVMT

November 5, 1987

Bill Burrows
708 Division Street
Gloucester City, New Jersey 08030

Dear Bill:

A check of our Program Log for October 3, 1987 shows that you did indeed receive WVMT's signal. WVMT is Vermont's oldest and largest AM radio facility operating fulltime at 620 KHz with 5000 watts day and night through a three tower directional array.

I'm pleased that you were able to receive us as we have recently completed rebuilding our antenna system. Among other things, we increased our tower height from 300' to 400'. The enclosed coverage map shows our basic pattern.

Thanks for the reception report.

Very truly yours,

VERMONT RADIO

Michael Seguin
